

The University asks every student to complete an enrolment process, during which you can confirm or correct your personal details, your academic details and your fee payment details. We hold this information on our central student database, called RISIS and you complete the enrolment process online, using the RISIS Portal.

You can complete the online enrolment process from any computer, anywhere in the world; and you can work through the process in stages, stopping and re-starting as you please.

You need to complete the first stage of the online enrolment process before the beginning of the semester

to participate on the Study Abroad programme, your funding or some of your associated access such as your Library access. You are welcome to work through the screens at any time, preferably before arriving here for the start of the semester.

As part of the enrolment process you will collect your University username. However, you will not see the link to collect your username until after your visa (if you are an international student) or your passport (if you are a home student) has been checked when you arrive at the University.

Once you have done this, you will be able to collect and activate your University username

on the Reading campus for your studies, you will be able to collect your Campus card.

How to log in to the RISIS portal

Need further help logging in?

This is my first time logging into the RISIS portal – what should I do?

If this is your first time logging into the RISIS portal, you will need to enter your registered email address as your username (this will be the email address that you used when applying to the University, via UCAS or as a direct application). For your password, use your date of birth in the format ddmmyyyy (for example, if your birth date was 22 May 1982, you would enter this as 22051982).

Now click the ‘Log in’ button you will then be taken to a screen to create your own password. You will also be asked on screen to create an account recovery question,

Problems

- you have already completed online enrolment
- you are not looking at the correct programme records
- or you are not expected to complete online enrolment.

Staff in the Study Abroad Office may override the settings on your records to stop you from completing online enrolment. This may be because you have yet to finalise your funding arrangements or may be because you have not yet proved that you have met all conditions relating to your application. If you have had a letter from the Study Abroad Office asking you to enrol online it is unlikely that they will have overridden your records.

Stages of enrolment

When you click on the link to start online enrolment, you will be taken to this summary screen, which outlines the stages for your online enrolment.

Once you have read the information on screen, **click on the 'Continue' button to proceed.**
